Education

CMR College of Engineering & Technology, B.Tech. In Cybersecurity 2021 – 2025

- **Coursework:** DSA, DBMS, Compiler Design, Computer Networks

Ratna Junior College, TSBIE. 2021

- Percentage: 92%

St. Alpha's High School, SSC. 2019

- GPA: 10.0/10.0

Projects

Notes App with AI Summarization

React · Node.js · Express · MongoDB · Gemini API · JWT ·

- Developed a full-stack notes application using React.js, Node.js, Express, and MongoDB with complete CRUD functionality.
- Integrated Gemini API to implement AI-powered text summarization, reducing long notes to concise summaries in real time.
- Built secure user authentication using JWT tokens and bcrypt password hashing for signup and login flows.
- Deployed frontend on Netlify and backend on Render with MongoDB as cloud database.

To-Do List with Smart Suggestions

React · Node.js · MongoDB · Vercel

- Built a full-stack task management application with React frontend and Node.js/Express REST API backend, supporting create, edit, delete, and categorize operations.
- Connected frontend to backend via REST API with sync data fetching, loading states, and error handling for a smooth user experience.
- Deployed frontend on Vercel and backend on Render with MongoDB Atlas as cloud database, achieving a fully live, zero-cost production setup.

Achievements

- Achieved First place in Speed Typing Competition in CMRCET College. (Average of 90 Words per Minute).
- Participated in prominent Capture The Flag (CTF) competitions, including
  - IIT Bombay CTF (finalist), Enigma CTF, HSBC CTF

Certifications

- Completed C++, Java and Python Programming Course on Udemy, enhancing expertise in object-oriented programming and systems development.
- Finished the AZ-900 Microsoft Azure Course from Udemy.
- Acquired Google Cybersecurity Certification from Coursera and learnt about the basics and fundamentals of Networking, Pentesting tools and their usage.

Skills

Languages: C++, SQL, JavaScript, Python.

Operating System: Linux, Windows.

Technologies: GitHub, Azure, MongoDB, React, Node.js, Express.
